Virtual Cloverbud Entry Instructions

Welcome

The following questions are meant to help support you create a video of your Cloverbud project. You don’t need to answer every question. They are meant to help you think through what you want to communicate with your judge.

A Final Word

While we understand that pictures and videos cannot fully replace live exhibits, the virtual fair environment is intended to allow a judge to see and learn about the skills a 4-H member has developed throughout this past year resulting from their 4-H experiences.

Contact your local Extension Office to learn more about additional projects supported within the county as well as deadlines to submit exhibit entries.
