

PARENTS AND CARING ADULTS CAN MAKE A DIFFERENCE

Parents – We need you as a 4-H volunteer!

We want our kids to have the best 4-H experience possible. When youth grow important life skills and a commitment to community, we all benefit. Your presence can help make that happen.

Volunteer roles are diverse and time commitment is up to you. 4-H can find a spot that's perfect for you. We need parents like you to become screened 4-H volunteers. The benefits are many:

- Volunteers help ensure a safe, supportive 4-H experience for all our kids. Becoming a screened volunteer doesn't take long.
- Your caring presence supports all our young people.
- Be one of the volunteers we need to meet required adult-to-youth ratios for 4-H programs.
- Youth have the opportunity to learn from you.
- As a screened volunteer you are covered under the 4-H insurance policy if you were to get hurt at a 4-H event.

The enrollment process is easy! Visit [Volunteering with 4-H](#) or contact your local Extension office to get started.
