

Goodhue County 4-H Yak Experience

The Goodhue County 4-H Yak Project is gearing up for summer!

It's that time of year again to pick out your yak for the 2019 YAK PROJECT. 4-Hers can adopt a yak at Clear Spring Farm; which has variety of yak to choose from, including newborns to adults. The 4-H youth will work exclusively with that animal throughout the project, developing a strong bond all while learning about raising and training yak.

The project will culminate in you exhibiting your knowledge and experiences at the Goodhue County Fair through the static yak project area.

There is no need to have any large animal experience - just a strong desire to bond, work with, and train these beautiful animals. All the tack and supplies will be provided. The animals will remain at Clear Spring Farm.

Training times will be TBA and worked out on an individual basis between Melodee and yourself. Contact Melodee today to visit the yak farm and learn all about this awesome opportunity you don't want to miss!
